

CHARLES COUNTY  
ADOPT-A-ROAD PROGRAM  
ADDENDUM OF CONDITIONS

1. Individuals and/or Groups who choose to participate in Charles County's Adopt-A-Road program can "adopt" available county roads or roadway portions that measure one (1) mile in length or greater for a minimum of one (1) year's time. In order to insure optimum litter pick-up, participants are encouraged to accept responsibility only for what they can successfully manage. Participants are obligated to clean "their" road no less than three (3) times in a calendar year. Additional cleanings are strongly encouraged.
2. Participants may consist of individual citizens, organizations, and/or local businesses.
3. Group leaders will be provided with safety literature to be distributed to all group members to insure awareness of appropriate precautions to take while involved in roadside litter pick-up.
4. Individuals under the age of sixteen (16) must have proper adult supervision at all times.
5. Acknowledgment of participants' efforts to keep Charles County clean will be displayed on one or two signs [depending on length of adopted roadway, dead end road, etc.] during tenure of valid agreement. Appropriate signage will display participants' authorized information in bold, block letters.
  - Signs will not advertise telephone numbers or addresses;
  - Signs will not reflect political aims or campaigns, lobbyist efforts, and/or sensitive/controversial issues;
  - Signs will not inflame or degrade any member(s) of the community.
6. The County will provide plastic trash bags, gloves and safety vests. If requested, litter pick-up warning signs will be provided for use. Warning signs must be returned promptly.
7. Participants are encouraged to separate and recycle applicable materials.
8. In order to have filled trash bags removed quickly and to insure appropriate credit towards cleaning requirements, litter pick-up must be reported by faxing this completed form to 301-932-3579 or by calling 301-932-3599. If you choose to call, completed report form must then be mailed to the Department of Public Facilities, 1001 Radio Station Road, La Plata, Maryland 20646.
