General Notes:

1. Column A is derived from the Capacity and Enrollment Comparison SY 2008-2009. The available capacity in Dwelling Units has been divided by 5 to reflect the build out of projects once allocations are granted.
2. Note that the Allocatable Capacity by school may not be achieved due to the limitations in other levels of schools for a specific project
3. School Allocations were adopted by the County Commissioners on January 14, 2009.
